

# THE JACKS OF ALL TRADES

THE 2-TON FJ200 AND 3-TON FJ300 FLOOR JACKS HAVE YOU COVERED. SEE WHAT WE HAVE UP OUR SLEEVES ON PAGE 2.

# WHATEVER YOU NEED TO LIFT, YOU'VE JUST HIT THE JACKPOT.

NOW THERE'S A BETTER FLOOR JACK FOR WHATEVER TYPE OF VEHICLES YOU'RE DEALT.

**2-TON**  
CAPACITY  
FLOOR JACK

Our FJ200 is just the thing for cars, small pickups, SUVs — anything up to 2 tons. It's not only a breeze to operate, it lifts faster and higher than other jacks.

Our FJ300 is the answer for vehicles like heavy-duty trucks, commercial vehicles and more. It also lifts higher than the competition.

**3-TON**  
CAPACITY  
FLOOR JACK

**SPEED**

Both feature dual-pump action to reach service height quickly. As well as a one-piece handle with a unique spring-loaded retention pin for fast “slam-and-go” operation.

**EASE**

Their contoured, low-profile lift arm easily fits under vehicles and can be lifted higher than the competition. Crowned wheels allow for easier maneuvering, while a front wheel yoke, arm grease fittings and advanced retention system are stronger and easier to maintain.

**QUALITY**

Built to go all day, both jacks feature additional features like locknuts instead of snap rings to secure their front wheels, special high-performance hydraulic oil and longer lasting seals that handle more pressure.

Kenny & Billy's Automotive Center in Iselin, New Jersey is the local go-to shop for wheel service. When his Snap-on® Franchisee, Larry, showed co-owner Kenny Wenzel the new TPMS3, Kenny was intrigued. After doing his own research, Kenny concluded the Snap-on® product had the best vehicle coverage, so he bought it right off the truck.

"For any wheel balance, alignment or rotation, it's an essential tool that no shop should be without," he says. "It even lets you reprogram sensors when you rotate a customer's tires so the sensor knows where it is on the vehicle."

**"It's simple to use, cost-effective and easy to update. It's an essential tool that no shop should be without."**

"With the annual software subscription, we just plug it into the computer to get our updates. It couldn't be easier to use—it gives you all the information you need and walks you through all the steps. It does even more than we hoped for," says Kenny. "But one of the best things is knowing that our Snap-on guy will be here every week in case we have any problems."

Keep your shop up to date. Ask your Snap-on® Franchisee or other sales representative for a demonstration today.

## INSTANT REBATES UP TO \$3,000\* WHEN YOU PURCHASE WITH AN EC CONTRACT.

### POUR ON THE SAVINGS

For a limited time, get up to \$3,000 in instant rebates on all qualified sales, including diagnostics and tool storage. Remember—the more you buy, the more you may save.

### HOW IT WORKS

A net sale of \$3,000 or more is eligible for rebates from \$300 to \$3,000. That's how we're making it rain. See the rebate tier structure chart for details.

**EC CONTRACTS ARE SUBJECT TO FINANCE CHARGES AND ANY APPLICABLE PPSA FILING FEES.**

\*To qualify for Instant Rebate, customer must purchase approved product with an Extended Credit Sale (EC) contract with a net sale of \$3,000 or more, and the contract must be accepted and purchased by Snap-on Credit before August 26, 2016. Only one rebate per EC contract. Only available with participating Snap-on® Franchisees or other sales representatives. See important credit notice below for more information.

\*\*Net Sale is equal to unpaid balance of the new purchase before the rebate is applied. To earn a specific rebate, the Net Sale must reach the tier minimum. Contracts must be dated and purchased before August 26, 2016. Snap-on is a trademark, registered in the United States and other countries, of Snap-on Incorporated. ©Snap-on Incorporated 2016.
